## Ringleader Fined \$50 and Costs

### JAIL FOR TEN DAYS ON CHARGE OF FRAUD

A charge of breaking and entering against Hugh Ross, Clifford Rea, Delbert Crowder and Clarence Mapes was reduced to malicious damage by Magistrate W. F. Woodliffe at police court here on Tuesday.

Mrs. Rea testified that her son was in Toronto until the 25th of January.

"My clients will go down and do any repairs that are necessary," stated Lewis Raxlen.

"Ross, I wasn't impressed with the story you told in the witness box last week," remarked His Worship. "I think you were the ringleader in this whole affair and the motive shown seems silly. You are the only one who had any argument with this man Vandenberg. I am taking into account that this is your first offence and am not going to send you to jail this time, but if it occurs again I am not sure about it. You being the ringleader, I am going to impose the heaviest penalty. \$50 and costs, and in default of immediate payment, jail for sixty days."

Rea and Mapes were each fined \$25 and costs or 30 days.

"Crowder is the only truthful one of the bunch," continued His Worship. "I think you have been made a dupe of by this bunch and have gone for the ride. \$5 and costs, or 10 days."

William Vandenberg appeared on a charge of shooting with intent to do grievous bodily harm.

Vincent Riddell of Baldwin testified that on Halloween night he picked up his two cousins, Ivan and Muriel Hillis and Lucille Sedore and went for a short joy ride. They passed Vandenberg's house, turned around and saw a flashlight shining from the house. Ivan Hillis turned his flashlight on, and a shot rang out. They were travelling at about 6 or 7 miles an hour past the house. Lucille Sedore was shot through the head.

"I was sitting in the centre of the front seat," testified Lucille Sedore. "I didn't hear the shot, but it knocked me stiff. I just noticed Mr. Vandenberg standing in the doorway."

"We were just going slowly past the house and Mr. Vandenberg was going from one window to the other with his flashlight, and then he came to the door with a gun in his hand," stated Muriel Hillis.

"When I saw the flashlight from the house I thought someone might have been bothering him so turned my flashlight on,"

Herbert Travis, of Eagle St., son of Dick Travis, has signed up for active service with the 48th Highlanders, and is at present stationed in Toronto.

said Ivan Hillis, whose finger was hit by the shot.

"On my way to Brownhill between one and two o'clock in the morning to investigate, I stopped at Vandenberg's due to the letter I had received two or three days previous," testified Constable J. Jardine. "I asked them if they had been bothered by the boys. Mrs. Holden said, 'We've had a heck of a time. Uncle had to fire the gun off to scare them away. I went to Brownhill and came back again to Vandenberg's when Officer Hill came in. I asked Vandenberg if he knew he had shot some people at Brownhill, and he said he didn't know. He said he held the gun down and didn't think he could have hit anyone. He told us the car had come up the road a half mile and come back and put a flashlight on the house. It came back again

## FRANK DUNCAN PASSES IN 81ST YEAR

Resident of Newmarket for the past 50 years, Frank Duncan, well known citizen, passed away at York County Hospital on Saturday, in his 81st year.

Born in Scotland, Mr. Duncan came to Canada as a young man, and for more than twenty years was town constable. He was well known throughout the district as an auctioneer. Mr. Duncan was a staunch Presbyterian and Liberal.

A member of Tuscan Lodge A.F. and A.M., the funeral service on Tuesday from the funeral chapel of Roadhouse and Rose was under Masonic auspices. Rev. Graham of Bradford conducted the service. Pallbearers were William O'Holloran, Robert Sheldon, Theodore Bolton, Wesley Osborne, Harry Helmer and Geo. Thompson. Interment Newmarket Cemetery.

Surviving is a son, Edward of town, his wife, and two sons, Frank and Jack, having predeceased him.

council whole-hearted support. I think I have the right to make some observations. The rich and poor should be treated alike in this town. Since I left council the tax rate has gone up from 39 mills to 42, in spite of the tax sale. It will have to come down. Now is the time to take care of post-war conditions. We will have to retrench. Do without roads, sidewalks, so that the property holder won't have to hold the bag. I believe the water supply is adequate for our needs, but, if not, we should ask help from the Federal Government for camp purposes. I wish to congratulate the water and light committee for the past two years. They have worked hard. One item they have cleared out a well at the water works, and it is giving sixty gallons a minute. About roads: There is a necessity of developing roads leading to Newmarket. I started years ago in county council to have Huron Street taken over by the York County Roads Commission. The North End is the neglected part of the town. It should flourish like our other business section. Little things mean a lot to certain families. We should have a good rink on the pond for the children. If I am mayor we will have. It will be made safe and good, well-lighted and be well looked after. Mayor Boyd has been my mayor for seven years. I have served the same number of years as reeve so I know where I speak. I have every admiration for his years of service. There is nothing in the job, but anxiety and (Continued on Page 4, Col. 5)

## CUBS "DIG" ON TREASURE HUNT

Last Wednesday evening, Nov. 27, 35 Wolf Cubs enjoyed a treasure hunt. The separate trails were set by Pte. Coupland and Pte. Slack from the military camp, Mike McCaffrey, Don Davis, Scout Bill Denne and the Cubmaster.

Monday evening when the trails were set, the weather, of course, was clear, but the heavy snowfall on Tuesday certainly made the Cubs dig to find the written notes.

The honours go, to the Yellow Six, under Mike McCaffrey. Their trail was set by Scout Denne and the Cubmaster. There was a tie for second honors between the Grey Six under Wayne Manning, and Tawny Six under Jim Rutledge.

The pack all marched to Hillsdale's new restaurant to warm up after their tramp through the snow.

Cub meeting as usual next week at 7 o'clock sharp.

PARCELS ARE BRIGHT SPOT

In England, Oct. 25, 1940.

Gentlemen:

Thanking you kindly for the gift of cigarettes, and especially so since they came between paydays. You will know what it is like to receive something at such a time. Have been following you up in the Express-Herald.

Hoping to be one of you when this show is over.

I remain, Thankful as one can be, Pte. C. K. Harrison.

East Horsley, Surrey, Eng., Oct. 28, 1940.

Dear Sirs,—

May I extend to you, many thanks for your association for the grand parcel which I received last week, which arrived in perfect condition.

I also received the three hundred cigarettes which I am very thankful for, as you know the cigarettes are very dear over here, and you being over here the last war, you would know a cigarette is a soldier's best friend.

So thanking you again, Yours Sincerely, Gnr. Robert Harman.

North of Nowhere, Ireland, Oct. 11, 1940

Dear Sirs,—

I received your second box last week, and believe me it was certainly appreciated. I have just finished the Canadian butter, and it is darn good, change from the limey margarine. I am getting pretty lax on my spelling, and I just asked one of the boys how to spell margarine, and he said g-r-e-a-s-e.

We are not doing very much to talk about lately, so there is not much to tell you about the place.

I was out driving last week and coming home we came through a pretty heavy snowstorm. I think we will have a very enjoyable winter here, six whole months if we stay. The nights are pitch dark, except some night when the northern lights are very bright.

It is quite different here now, than when we came here first, instead of having continual daylight we have a long night.

Also, when we came there were only a few army tents around, but now the whole island is practically covered with Nissen Huts. There are soldiers and sailors of many nationalities scattered around (mixing it up).

I do not think you will want to hear too much about the army, as that is about all you hear now, so I will close.

Yours sincerely, Earl Wrightman.

England, Oct. 29, 1940.

Who knows maybe "Hitler" will have a revolution on his hands if so, it won't last long and then I hope we can return.

I must thank you and those who send us cigarettes and comforts, they really are a great help to us all. I know that many of us would be out of smokes for weeks if it were not for the likes of you people back home.

Newmarket will really be a thriving military centre by now, it will seem like old times to you fellows who were in the last war.

Well, there is not much to say. The weather is cold and damp, also dreary. Of course, it is typical of England. I am getting used to it now. I often wonder about the boys in Ireland. I'll bet it is really cold up there, but I know they are taking it like real soldiers, and I certainly hope that I will meet them again shortly.

I will close now, wishing you and all the best in your wonderful thoughts and work you are doing for us over here.

So I'll say so long for now, I remain, Yours truly, Pte. McJann.

## Dales and Nesbitt Contest Mayor's Seat

### RUNNING IN KIRKLAND LAKE

Charlie Tresidder, editor of the Northern News of Kirkland Lake, and a former Newmarket business man, is running for council in the northern mining centre.

### INJURED AT MILITARY CAMP WORKMAN DIES

Wm. Young of Markham, the workman who was injured at the military camp, when struck on the head by a falling plank, while working on the drill hall at the military camp, died at York County Hospital Thursday last. He was progressing favorably, but suffered a relapse on Tuesday.

CHEROKEE CLUB The Cherokee Club met at the home of Mrs. Bender last Friday evening. It was decided that the club would fix ditty bags for sailors. The program consisted of a vocal duet by Wendell Taylor Gilbert, and a piano solo by Blair Bender.

Mrs. Near was the winner of the musical contest. Next meeting will be held at the home of Mrs. Mathews on Friday evening, December 13.

### ELECTION IN NORTH GWILLIMBURY

Newmarket will have an election on Monday for the mayorship, Dr. Dales and J. E. Nesbitt putting on the only battle of the day. It should be a keen race with both men well known, and both with splendid municipal records. All the other offices were filled by acclamation. Arleigh Armstrong being the new councillor taking the place of Denis Mungovan, who did not qualify. There will also be the vote on the one or two year term for council, so it is expected that there will be a busy day at the poll.

North Gwillimbury, the scene of many bitter municipal battles, will vote for a reeve and council, Harold Glover receiving an acclamation for the deputy reeve-ship. Last year's reeve, John Hopkins, and Ross MacMillan will contest the reeve-ship, while Charles Graham, John Smith, James Nelson and Harry Babb are seeking the three council seats.

Reeve Stanley Osborne and his council were returned by acclamation for East Gwillimbury, as was Reeve Thos. McNamara and his officials out in King.

CITIZENS EUCHRE AND DANCE ENJOYABLE EVENT

An enjoyable event was held last night in the town hall, when the Citizens' Committee sponsored a euchre and dance for comforts at the local military camp.

There was a splendid turn out of officers, men and townfolk who enjoyed the evening to the full. Art West's orchestra provided a splendid program of round and square dance tunes, with Sid Legge looking after the calling-off duties.

The euchre in the market building was well patronized, 24 tables being filled. Prize winners were Mrs. George McCann, lady's prize; Quarter-master Killett, men's prize; Mrs. Harry Burling, lady's lone hand prize; G. E. Gowland, gent's lone hand prize. This prize was a three-cornered tie, Ptes. Cox and Hastings losing out on the flip of the coin. Mrs. Pen Haight won the booty award.

Altogether an enjoyable evening was had, and it is hoped that other organizations in town will arrange parties of a similar nature.

YORK COUNTY HOME AND SCHOOL COUNCIL

The York County Home and School Council will hold their northern district meeting Saturday afternoon, November 30th, from 1.45 to 4.30 p.m. at the Newmarket High School Auditorium.

Mrs. Silcox, president of the council, will be the speaker. Parents and teachers and all those interested in the welfare of children are invited to attend. Tea will be served.

## EDITORIAL

### THE NEW OLD COUNCIL

Despite rumors of resignations and new men seeking municipal honors the 1941 (and possibly the 1942) council will be, with the exception of the mayor and one councillor, the same as has represented our community the past twelve months.

Lack of candidates and interest in municipal affairs is to be regretted. By this we do not mean that the council elected is incapable, but an injection of new blood would mean new ideas, and a different outlook on a number of the questions which annually crop up. Three at least of the council expressed their willingness to stay at home in 1941, and had to be solicited before they signed their nomination papers. One consoling fact is that with the acclamation, no undesirable element has crashed into the important positions, thus if the electors vote in favour of a two-year term, there is little to worry about.

We also regret that, in the contest for mayor, one of those two public spirited men will have to be counted out. Dr. Dales and Jack Nesbitt would have added real strength to our municipal government.

### NOTE AND COMMENT

Buy British — Buy Canadian — Buy At Home!

The Lions are making their annual appeal for the Christmas basket fund. While the need may not be as great as last year, there are countless families where this gesture from the local service club means that the kiddies do have a Merry Christmas. You can rest assured that your donation will be spent wisely.

Countless suggestions as to what to do with the Newmarket youth who refused to don a uniform for thirty days, have been made to the editor. The people of the community feel very strongly in this matter, and we hope that the feeling of the powers that be is just as strong.

Only twenty-two more shopping days until Christmas! Do your Christmas looking now. The merchants will gladly co-operate in holding articles until later on. And incidentally 422 subscribers could assure the editor of a Merry Christmas by dropping in with a few crisp two-dollar bills.

### CROP ESTIMATE, EUROPE

1940 European total.

The International Institute of Agriculture estimated recently that the European wheat crop, exclusive of Russia, would total about 1,425 million bushels, compared with the 1939 estimate of 1,665 million. The institute reported that its most recent information confirmed that crops in Roumania, Hungary, Yugoslavia and Bulgaria would be about one-third off, and thus reduced by 35 million bushels and earlier estimate of 1,460 million for the

## GROSS ASSETS, IMPERIAL BANK OF CANADA AT NEW PEAK

Despite Higher Taxes, Net Profit Practically At Former Figure

Imperial Bank of Canada reports, for the year ended October 31, 1940, total assets at a new high and, despite greatly increased taxes, profits maintained at the former level. After the usual dividends and amounts provided for contingencies and writing down values of bank premises, the surplus forward is increased from \$665,634 to \$676,652.

Profits in the latest year were \$961,018, after Dominion and Provincial income and corporation taxes of \$986,259 in the former year when taxes were \$325,885. The amount written off premises was increased by \$50,000 to \$150,000, compared with the former year, but it was deemed necessary to provide only \$100,000 for contingencies, compared with \$150,000 the year before. Dividends totalled \$700,000, which is a return of less than 4½ per cent. on the combined capital and reserve and surplus.

Total assets are up some \$3,500,000 to \$191,491,715 and total deposits are increased about \$2,600,000 to \$173,387,338. Cash and its equivalent are up nearly \$6,000,000 to \$32,433,661 and total quick assets, including cash, are at \$104,953,027, against \$102,694,961 a year ago. The ratio of quick assets to deposits remains at approximately 60 per cent.

A notable change in the holdings of government bonds is a change in the long-term and short-term holdings of Dominion and Provincial bonds. At \$37,862,270, such bonds maturing in less than two years are increased about \$12,000,000 compared with the longer-term securities now amounting to \$25,941,311 are reduced about \$11,900,000.

An increase in current loans was to be expected in view of the marked acceleration in business activity. The total is now \$67,878,159 an advance of about \$3,800,000 in the year. There has been, however, a decline in the market for call loans, these, at \$2,588,190, being down about \$1,600,000.

Further evidence of the increased tempo of business is the marked increase in deposits not bearing interest. At \$49,262,273 these are now greater by \$9,500,000 than a year ago. Deposits bearing interest, largely savings accounts, now stand at \$92,452,785. A decline of \$7,000,000 in these from a year ago is attributed to the public subscriptions to the Second War Loan in the closing weeks of Imperial Bank's fiscal year.

The moderate decrease in the bank's notes in circulation is the result of the provision of the Bank Act which is gradually bringing about a reduction in the circulation of the notes of chartered banks and a corresponding increase in notes of the Bank of Canada. Dominion government deposits at virtually \$12,000,000, are practically unchanged, but provincial deposits, at \$11,740,381 are increased by approximately \$1,400,000.

Largest of the cash items is \$17,407,162 in notes of and deposits with the Bank of Canada, which are up more than \$3,000,000. Cheques on other banks total \$9,387,650, which is an increase of more than \$2,100,000. Deposits with banks elsewhere total \$4,109,592, which is an increase of about \$875,000.

Improving municipal finances are reflected in a decline of more than \$1,500,000 in loans to municipalities, which now stand at \$5,857,901. Provincial loans at \$487,501 are reduced \$100,000 in the year. Bank premises are carried at \$5,743,114, a reduction of more than \$100,000.

Following are comparative figures:

IMPERIAL BANK		Profit and Loss Account		Years Ended October 31.	
	1940		1939		
Net Profits	\$961,018	\$966,259			
Dividends	700,000	700,000			
Written off Bank Premises	150,000	100,000			
Reserve for Contingencies	100,000	150,000			
Balance Forward	11,018	16,259			
Previous Balance	665,634	649,375			
	676,652	665,634			

# After deducting Dominion and Provincial taxes of \$487,883 in 1940 and \$325,885 in 1939, and contributions to staff pension and guarantee funds of \$101,584 in 1940 and \$99,689 in 1939.

Number of units now 155; personnel, including Naval Volunteer Reserve, 13,273.

11. Since war began 3,500 ships have left Canada under convoy, carrying cargoes totalling 21,800,000 tons.

12. War orders placed or in hand total \$849,000,000, of which \$510,000,000 on British account, \$309,000,000 on Canadian account.

13. Eighteen merchant ships to be built in Canada for Great Britain.

14. Substantial tank production starts early in 1941, except for engines, which must be imported.

15. Shell production being increased to 2,000,000 a month.

16. New models of radios, vehicles and many household appliances prohibited. Purpose: to conserve machine tools for war orders.

17. Victor W. Sifton, General Manager, Winnipeg Free Press, appointed Acting Master General of Ordnance.

18. Bureau of Statistics cost of living index for October was 107 against 106.4 in September. In October last year cost of living index was 103.5.

19. Farm cost of living index advanced from 87.2 to 89.2 between Spring and Fall seasons of 1940.

## 25 Years Ago

From The Express-Herald of November 26, 1915.

Mrs. R. Brimmon and son returned home on Wednesday after spending a month visiting at Beeton.

Messrs. W. Keith and P. W. Pearson are in Toronto this week attending the November session of York County Council.

Major T. H. Brunton, county police magistrate, has received a cable from his son, Lieut. Harold G. Brunton, of the 4th Battalion, who was reported as seriously wounded in the casualty list a few days ago, stating that his wounds are not as serious as at first considered.

On Tuesday evening the members of the Epworth League went to Aurora to visit Professor Cummer's Picture Gallery.

The At Home of the High School on Friday evening last was a very successful and most enjoyable affair. Diplomas were presented to the successful pupils at the midsummer examinations. The Edgar Bogart Scholarship, \$20., for pupil taking highest mark in English, was presented to Thornton Prosser; the P. W. Pearson Scholarship, \$10., for the student taking highest marks in Lower School, was presented to Miss Aleta Brodie. The winner of the Sir William Mulock Scholarship, Ernest Bogart, was unable to be present.

York County has been called upon to raise a County Regiment for overseas service, and Lieut. Col. F. F. Clarke has been appointed commanding officer.

The Y.P.C.C. mailed forty-eight boxes on Saturday to the forty-eight Newmarket boys overseas.

Pte. W. J. M. Kennedy, of the 2nd Battalion, who is reported wounded in the official casualty list, was born in Newmarket, the son of Mrs. E. M. Kennedy. He is twenty-seven years of age, and prior to enlistment, was employed by the T. Eaton Company, Toronto.

One of the most successful banquets ever held in Newmarket took place in the Town Hall last Wednesday evening. The banquet was given in honor of Major Weyling, who has had command of the Newmarket Home Guards since its organization.

The General Manager,  
Imperial Bank of Canada,  
TORONTO.

We report that we have examined the above condensed Balance Sheet as at 31st October, 1940, and have compared it with the books at the Head Office and with the certified returns from the branches. We have obtained all the information and explanations that we have required and in our opinion the transactions of the Bank which have come under our notice have been within the powers of the Bank. In our opinion the above Balance Sheet discloses the true condition of the Bank, and is as shown by the books of the Bank.

## PTE. STAN. LEPPARD HOME FROM NEWFOUNDLAND

Pte. Stan. Leppard, son of Mr.  
and Mrs. Stewart Leppard, arrived  
home on Friday from Newfoundland,  
where he was stationed  
with his unit of the Queen's  
Own. Stan., who has been on the  
sick list, came from Newfoundland  
to Halifax by plane, the trip  
taking a little over four hours.

He was not particularly  
enthused with the island which he  
says is mostly bush and lakes,  
but enjoyed soldiering and the  
company of the boys of his regiment.

He hopes that his health will  
improve sufficiently so that he  
can once more go on active  
service.

# Bombs Drop, But Loss Comparatively Slight

## NARROW ESCAPES DESCRIBED IN LETTER

The following interesting letter  
telling of conditions in London,  
was received recently by John  
Hunter of town from his aunt, a  
sister of Mrs. Alec Thompson.

Wednesday, 30, 10, 40  
7.45 p.m.

924 North Circular Road,  
Cricklewood, N. W. 2.

Dear John,—

Was very pleased indeed to  
have your letter; I do wish,  
though, you would mention  
whether you are receiving the  
several I have sent to you.

Perhaps I had better say at the  
start, this letter is bound to be  
rather scrappy as we are in the  
middle of our nightly air raid,  
and I've one ear on the gun  
barrage and the other listening for  
the swish of the bombs, in which  
case I duck down under the table,  
just in case.

Mother and Cherry are in Horton,  
have been there for six  
weeks now—the noise was rather  
getting on their nerves. I took  
them down and stayed about five  
days. The day before I returned  
there was a land mine dropped  
on this estate—near the bus stop  
No. 16 route where you get out to  
visit us—and they say about 500  
roofs of the houses were damaged.  
When I took a walk  
through, you would have been  
surprised at the comparatively  
little damage, excepting roofs,  
and of course the actual two or  
three houses where it actually  
dropped. Two days afterwards,  
Pop had an oil bomb drop right  
in the roadway outside 19A. I  
had fortunately put up what they  
call here, anti-splinter net, and  
although the houses on either  
side had all their windows blown  
out, we had only two broken, and  
this was caused through a piece  
of the iron railings breaking off  
and flying through the windows.

Next door they had scraps of  
glass embedded in their furniture  
bedding, carpets, everywhere. So  
once again we were lucky; lucky  
too that Mother was away, also  
that the bomb dropped in the  
road, otherwise there may have  
been no 19A!

A great number of people in  
and around London go out each  
evening in their cars and asleep.  
We too did that for several nights,  
but it is now getting rather cold  
for it; also, a week ago last Sunday,  
Fred and I started out and  
got into Hendon when someone  
hunted to us that our rear light  
was out. We stopped (right in  
the middle of the gun barrage)  
and tried to put it right. It was,

## NEWMARKET WOMEN'S INSTITUTE

There was a splendid attendance  
at the W.I. meeting held at  
the home of Miss Connie Road-  
house on Thursday afternoon.  
The president, Mrs. Tom Watson,  
presided. Mrs. Arthur Boyd gave  
a fine report of the 37th Annual  
Convention of the Central Ontario  
Women's Institute in Toronto  
in November. The topic,  
"The Canadian Apple and Its  
Uses," was given by Mrs. Frank  
Hodge in an efficient manner. The  
Roll Call was answered by naming  
"A Canadian Apple." The  
draw for the beautiful Rug, donated  
by Mrs. A. Higginson to  
War Work Fund was won by  
Mrs. McSkimming. The quilt  
block contest was then held and  
the honors went to Mrs. Rachar.  
The meeting closed with the National  
Anthem, after which a  
social hour was spent.

however, impossible to do this, so  
I had to sit in the back and hold  
a torch with a piece of red paper  
over it.

Well, we proceeded some distance  
further, when someone else  
shouted to us and said, "You can't  
get through. We went on slowly  
and then came across the A.R.P.  
people and A.F.S. they told us a  
bomb had dropped in the road  
(once again) and burst a water  
main. Had we not stopped for our  
light, we should have been right  
in the middle of it all. However,  
our troubles were not over. We  
turned, and on our way we have  
to pass rather a long high hill. I  
expect you have cycled up it. It  
is apparently just the place to  
signal from, so I had to be very  
careful and not wave the red  
light. Oh, I forgot to say we  
carry our large dustpan lids to  
put on top of the car to ward off  
shrapnel if any.

We were just half way up,  
when the dustpan lids fell off  
with such a clatter. Fred went  
back for them and out popped the  
home guard and asked what it  
was all about. We satisfied them  
and proceeded to our refuge. Just  
had our feet out of the car and  
heard the swish of a bomb. Fred  
and I dropped in a ditch nearby  
and it passed over our heads.

Well, if this is going out to a  
place of safety, I thought, let me  
stay at home in future, and Fred  
and I have. Len and Pop still  
go though, but I think darts is the  
chief attraction for them.

I don't know whether I ought  
to say all this in a letter, but  
after all, you must know from the  
general news that bombs  
have been dropped in London,  
also that we have a fine gun bar-  
rage, civil defences, etc.

I am sorry to say Rebel is very  
ill at the moment; I took him to  
the vet. to-day and he says he  
can't tell till to-morrow whether  
he is sickening for distemper, or  
whether he has a severe chill.  
Anyway, he is very sorry for  
himself. I have to keep him  
away from Billy now, and he  
wants to fight whenever he sees  
him. They have already had two  
or three, but I've stopped them—  
and been bitten for my pains.  
Rebel and Cherry also fight when  
they meet. It is a pity, because I  
did so like them to play together.  
Still, I suppose it is the Sealy-  
ham breed—they are always  
fighters. Cherry too, has had a  
chill, but I heard from Horton  
this morning that he is much  
better.

Hope you are getting on all  
right at school; you are having  
a very interesting term, judging  
by the itinerary you give in your  
letter, but I notice you say "Canadian  
history." What about  
"English" history?

I, too, wish we were all in Canada  
together, but on the other  
hand, if we survive this, it will  
be thrilling to remember how  
this and that happened, and after  
all, England is our country.

Had Den started building the  
shelter before you left? Well,  
anyway, he has made one, but  
unfortunately it is right opposite  
the petrol pump and gets rather  
damp, so no one uses it. Once  
when we had a basket of incendiary  
bombs drop on the estate  
(five in our plot, 90 in one road,  
and 200 in the recreation grounds,  
etc.) one fell right outside the  
pump, but it was a dud and didn't  
burn. The others also every-  
where were very quickly put out  
without much damage, so efficient  
is our A.R.P. They are  
really great now, their period of  
hanging about is over and they  
have a job of work to do.

Now we are staying in at night.  
Fred and I sleep down in the  
shop, and don't laugh—I sleep  
under the table—just as a pre-  
caution against the glass, for as  
you know there is rather a lot of  
it about in our shop. The other  
night we were all there when a  
piece of shrapnel came through  
the top window of shop. Several  
pieces have also come through  
the roof of the shack, but none  
when we have been holding our  
whist drives.

I'm afraid I have exhausted  
my store of news, so till next time  
Cheerio, and all the best,  
From Olive.

Fred is so busy these days  
reading French novels, that he  
hasn't had time to write to you,  
but perhaps he will one day!

LORNE McCORDICK  
IN ARTILLERY  
Lorne McCordick left for Pet-  
tawawa Artillery camp last week  
and is in the First Survey Regt.  
of the R.C.A.

## AGED RESIDENT, MRS. LEVI ROGERS, LAID TO REST

One of the oldest residents of  
this district, Mrs. Mary Vance  
Rogers, widow of the late Levi  
Rogers, died at the home of Mr.  
and Mrs. C. E. Lewis, Yonge St.,  
on Tuesday morning, Nov. 19.  
She would have been 93 years old  
on Dec. 10.

Mary Vance was born in New-  
ton Robinson, West Guilford,  
and at the age of 18 was married  
to Levi Rogers. Following their  
marriage they lived on the farm  
where the House of Refuge now  
stands, on Yonge St., until Mr.  
Rogers retired from farming  
about 50 years later.

When Mr. Rogers retired about  
25 years ago, they moved to Bots-  
ford St., Newmarket, where Mr.  
Rogers died about five years ago.  
He was also 92 years old when he  
died. For a couple of years Mrs.  
Rogers continued to reside in  
Newmarket and then made her  
home with Mr. and Mrs. Lewis.

Mr. and Mrs. Rogers were out-  
standing among the Quakers of  
this district and Mrs. Rogers was  
formerly an active member of the  
Friends church in Newmar-  
ket.

Mrs. Rogers was the last sur-  
viving member of her immed-  
iate family. A sister, who lived  
in Chicago, died last spring. Her  
niece, Mrs. Minerva Powell, of  
Toronto, kept house for Mrs.  
Rogers in Newmarket following  
Mr. Rogers' death.

The funeral service was held  
Thursday afternoon at the chapel  
of Roadhouse and Rose, with Rev.  
Burton Hill of the Friends church  
in charge. Burial was made in  
Newmarket cemetery.

## AURORA MANUFACTURER LEAVES \$420,702.89 ESTATE

Herbert W. Fleury, Aurora  
manufacturer, who died last Sept.  
16th, left an estate valued at  
\$420,702.89.

To his daughter, Marguerite  
W. Fleury, is bequeathed an in-  
come of \$5,000 a year, a house in  
Aurora, and a large quantity of  
house furnishings and other val-  
uables belonging to her father.

The estate is made up of  
\$3,186.50 in personal effects, book  
debts and promissory notes, \$87-  
554.45; life insurance, \$20,000;  
bank and other stocks, \$201,737.75;  
securities for money, \$90,488.25;  
cash in hand, \$2,042.60; cash in  
bank, \$14,910.28; miscellaneous,  
\$20,232.06.

To the Royal Ontario Museum  
Mr. Fleury wills his French in-  
laid "secretary." Certain stocks  
and shares go to William E.  
Fleury, a nephew, and Elinor M.  
Fleury, a niece. The income on  
\$20,000 is to be paid to Blanche  
E. Macdonell; legacies of \$1,000  
each to go to the Salvation Army  
Social Service Department, Tor-  
onto; Muskoka Hospital for Con-  
sumptives; York County Hospital,  
Newmarket; Aurora Memorial  
Association, and bequests of \$500  
each to the Hospital for Sick  
Children, Home for Incurables,  
Toronto; Orange True Blue Or-  
phanage, and the Aurora Ceme-  
tery Company.

On the death of Mr. Fleury's  
daughter, Marguerite, \$80,002 is  
to be divided equally among  
several nephews and nieces, and  
one-half the residue of the estate  
goes to a brother, William J.  
Fleury, or his heirs, and the re-  
maining half "to others entitled  
by the Statute of Distribution in  
the Province of Ontario, as if I  
had died intestate in respect  
thereto."

William J. Fleury, Harold L.  
Steele, and the National Trust  
Co., Ltd., are named executors  
and trustees.

## HOME AFTER INTERESTING CRUISE

Harry Richardson, son of Mr.  
and Mrs. John Richardson of  
town, is home for a while after a  
southern cruise on a boat on  
which he was radio operator. On  
his trip Harry flew to Tampa,  
Florida, and boarded a ship there  
which took him to many inter-  
esting places, Jamaica, Martini  
and Dutch Guiana.

## BRITISH-ISRAEL

The president, Mr. J. Luck,  
gave the address at last Sunday's  
B.I. meeting, and he wishes to re-  
mind all interested that next  
Sunday afternoon's meeting will  
be held in the Strand Theatre at  
the regular time, not in the Pres-  
byterian Church. Rev. Eric  
Pendleton will be the speaker.

## SOLDIER ADMITS STORE ENTRY

Pleading guilty to breaking and  
entering L. E. Fine's jewelry  
store at Bradford, and theft of  
jewelry valued at \$602.45. Private  
James Frederick Taylor, R.C.A.S.  
C. 35, of Toronto, was remanded  
one week for sentence when he  
appeared before Magistrate Com-  
pton Jeffs at Barrie on Saturday.

Police testified the front win-  
dow of the store was smashed  
with a chunk of concrete, and  
watches, rings and pen-and-pencil  
sets stolen. Police Chief Walter  
Reeves and Provincial Traffic Of-  
ficer Cecil Dean, Bradford, in-  
vestigated, and about twenty min-  
utes later apprehended the sol-  
dier trudging south on Highway  
No. 11, half a mile south of Brad-  
ford. They searched Taylor, and  
found the stolen goods in his  
pockets.

## LOCAL MARKET NOT OPEN UNTIL NINE O'CLOCK D.S.T.

On account of the hour's differ-  
ence between town and country  
the local market will not open  
until nine o'clock D.S.T. This, it  
is hoped, will do away with the  
present mix-up and make for a  
bigger and better market.

"Pleasure car" seems an old-  
fashioned name for an automo-  
bile now—farmers use their cars  
about two-thirds of the time for  
business, and in the big cities  
passenger cars are used as much  
for business as recreation, recent  
surveys show.

**BOYS WRITE HOME FROM OLD COUNTRY**

(Continued from Page 1, Col. 6)  
the old town quite often.

I guess you are seeing plenty of troops around these days; it will make things pretty lively. Nothing like a few soldiers to stir things up. You would think so if you were to see them over here at times.  
I get your paper every week and by that I keep up pretty well with the news. It is good to read. It won't be long now before you will be starting into the hockey season. I will be watching the paper for results. It would be better if I could be there to watch the games, but let's hope it won't be long.  
I don't think I wrote and thanked the Veterans for their parcel. Would you pass my thanks on to them for me? Every thing they send always comes to me in perfect condition, and is very useful. There is nothing that makes a fellow feel better than to get a parcel from home.

We see plenty of air action and it is great to watch, but at times it pays to keep under cover. Jerry is over day and night, and, in fact, he is over right now dropping a few here and there. Our lads sure give him a pretty hot time every time he comes around. One of these days he will find out that it doesn't pay. I hope that time is soon.  
Well, Ang, I don't intend this to be a long letter. Just wanted to send a few lines to let you know I still receive the paper.  
Sincerely,  
Cpl. Ted Robinson.

Somewhere in England.  
October 20, 1940.

Hello Ang:  
This is another note of thanks to the Newmarket Veterans' Association. It certainly is swell to be the recipient of a parcel like the ones they send. It sure helps out to receive those articles that save us so much. When one pays the equivalent of thirty-six cents for twenty smokes you can understand how thankful we are to receive some from home.

Well, Ang, I'd like to be able to give you a description of the scene on Britain's battle-front, but I'm afraid it is beyond my literary achievements to paint a word picture that will even minutely convey to you what is actually happening here.

However, I can give you a few instances which I happened to have a front seat. One case in particular I shall always remember. Just happened to be visiting some people in a London suburb one night when Fritz started to drop things. After a terrific explosion one of the men in the house and myself went to investigate. On the next street a landmine had made a direct hit on a house. We immediately started helping the rescue party to clear away the debris to see if there were any survivors. It was known that six people lived in the house. We found five in one

**TO THE ELECTORS OF NEWMARKET**

In offering my services to the people of Newmarket, as Mayor for the year 1941, I do so fully realizing the responsibility that goes with this office, having had nine years' previous experience in the council; the last five occupying the Mayor's chair.

My policy is one of strict economy, which is particularly important at this time. Labor conditions in recent years have greatly improved our town's financial position, and that must be maintained. 1931-32-33 were the last three years I was in office. I remember the great difficulty we had in securing work for the young men that were unemployed at that time.

I shall always remember the splendid co-operation we received from our industries. One of these, when conditions were at the worst, had ninety men on the payroll that from a financial point of view represented a serious loss owing to the supply of their product being much in excess to the sales demand.

We have a training camp in our midst which I believe will be a very great asset to our town. We must show our appreciation by extending to the officers and the boys the righthand of fellowship in no uncertain manner. We want those people to feel, while here, that they are part of this town, and as such entitled to every consideration. I am glad to know that several ladies' organizations of Newmarket and vicinity are endeavouring to supply equipment that will make camp life much more pleasant and comfortable.

In conclusion, may I ask the citizens of Newmarket to come out in large numbers AND VOTE, for, after all, it is your business. Whatever the majority of the people want is always right.

If you feel that my Municipal record is such that would warrant your confidence, I will appreciate your support.

J. E. NESBITT

**COUNCIL GIVE  
REPORT OF YEAR'S  
WORK**

Continued from page 1 col. 4  
worry. We can't pay him in dollars and cents, but we can show our gratitude. (Heartily applause from the one hundred citizens present.)

Now about the by-law for one or two year terms. Do you want to lose your privilege of annual elections as we have had for the past 50 years? Your father or grandfather fought for this right. I am opposed to the two-year term. You showed your democratic spirit when you signed the petition asking for the vote. This is the kind of thing we are fighting for to keep the world safe. See to it that you vote each year for those you want.

"If I offer my services as mayor I will give you good, strong government. You will know where I stand. I will not be like some 'who fly through the air with the greatest of ease' and who look back to see where they are. Good government in any country begins at home."

Deputy Reeve Vale—"I have been in council for the past six years, and I have enjoyed every minute. The town has been very decent to me, and I have a much broader education than when I started. We have had an excellent mayor, and I'm glad that Dr. Dales has brought this to your attention. When he took office, the debenture debt was over \$500,000, now it is under \$200,000. The past actions of council may or may not have met with your approval, but they were honest and sincere. I would also like to pay tribute to Mr. Evans, chairman of the water and light. Every noon hour and every evening he is called on the phone. Two or three nights each week he has meetings. Sixty-three new three-wire services have been installed and with his handling and selling of off-peak power, the peak has not been increased. He has served the town wonderfully well.

"I am in favor of two-year terms for council. While in our own town it would only mean a saving of \$300 or \$400, the saving would be immense if the whole country would do it. I do not see that it interferes with democratic rights, schoolboards and members of parliament are elected for longer terms. We in the council serve for nothing, but we do get compensated by learning a lot. If re-elected I will again serve you to the best of my ability."

Reeve Lundy—"Possibly in the first place I should reply to the statement of Dr. Dales about the tax rate going up. The truth is that the town rate is steadily going down, but the school rate up. More than 51 per cent of the rate is for educational purposes. It is not the school board's fault. The grants from the government have been reduced and will, I understand, be further reduced. We have gone over the problem with the school boards, made suggestions and they co-operated. It may be that we will have to curtail some of the services. Since being in county council, I have endeavored to keep the Huron street question alive, but the government sat down on it very hard and asked that it be dropped until after the war. Another effort will be made then. The town's finances are in the best position for years. There has been an improvement in working conditions. The citizens are 95 per cent honest, or I should say 95 per cent of the citizens are honest. If a member of the 1941 council, I will try to keep away from debenture debt. It is wasteful to pay interest. Some of the committees have been obliged to commit themselves outside their budget this year on account of the camp, but the revenue from this source in one year will look after all the expense."

Ald. Arthur Evans—"At the beginning of last year, when we had a surplus of \$3000, I suggested a new fire alarm system. Then the high school asked for an additional \$2500, and the public school \$1500 so instead of a surplus, we were down \$2000. I do not say that we shouldn't have education, but too bad that it has to be at the expense of other things. The old system, which is in extremely bad shape, could be replaced with an automatic system for \$3000. It would be an investment. It would relieve a man at the waterworks. Next year's council should put it in for safety. I agree with Dr. Dales that there should be retrenchment. Why not tell the treasurer that 41 mills is the rate and cut our cloth accordingly. We may be forced to it." Ald. Evans then discussed the water question which is quite familiar to our readers, reviewing the situation thoroughly.

Ald. Bowser—"I would like to have served for two years. There's a lot of fun as well as a lot of grief. If I don't change my mind, I will offer my services. This year I have paid particular attention to the roads. Next year I would like to take a crack at the sidewalks."

Arleigh Armstrong—"I would like to congratulate last year's council on getting the military camp here. They deserve our sincere thanks, and we will realize it for many years to come. I intend to qualify for council. I feel if I can contribute anything I will gladly do so. Sitting here to-night I have been thinking how privileged we were to be able to gather at such a meeting with the lights shining out the windows and no fear in our hearts of attack. We should treasure these things."

Ald. Dixon—"I have served on your council for the past five years, and have given the greater part of my spare time to it. The past year has been a bit more pleasant as we didn't have any Old Boys' Reunion. I was opposed to opening the town to booze. I have certain standards of living which I carry through

Dear Alice and John,—  
Just a few lines thanking you for your gift which arrived quite safely. How glad you must be you are not here. What a life! Sirens all day and night. Some of the bombs which fell not too far away from me, made my bed tremble like an earthquake. I generally go to bed between 10 and 11, and the other night a few weeks ago now, I heard a lot of shouting and glass falling, so got up and looked out of the front window, saw the road all alight, and warden and firemen putting it out. Then they banged on my door. I went down and they asked me if I was alright. It was a mercy it did not fall on our house, but fell in the road. One fell in Larch Rd. and burnt two

houses right out.

One of the windows in the ground were blown out and one piece off the railings was on my stairs. Another lump went right through Mr. Pirrell's door up the passage and cracked the joint of the kitchen door. How glad I was F. was not here. She has been at Harbor for seven weeks today with Cherry.

Cricklewood High Road and Willesden is a sight. Houses down, and all the windows out from to the Crown to Armatages where I used to work. Some of the bombs that fall make my bed tremble like an earthquake. They weigh about 1,000 pounds, and don't they make a big crater in the road when they fall?

We have a very good barrage of guns in the park, and they do let the Jerries have it. One night they dropped one on S opposite and lit up all the sky. The warden made us all go from T. Rd. down to St. Michael's Hall, because they did not know how many more bombs would go off. We had to stop till 5.30. What a life, but still we are not so bad as the east end. Whole rows of houses are down there.

The Jerries are over now; started early tonight. The guns have been letting them have it. Have you heard from A.? We have not heard or seen anything of him since he stayed with us. Hope John is getting along all right.

## BANK OF MONTREAL REPORT REVEALS WAR-TIME STRENGTH

Assets of \$961,334,955 Show Only Moderate Decline from All-Time High Mark — Commercial Loans at \$233,560,368 Again Increased in Meeting Needs of Industrial and Business Expansion — High Ratio of Liquidity — Profits Somewhat Lower — Government Tax Payments Much Larger

After a year of war-time conditions, the annual statement of the Bank of Montreal reflects again the strength and solidarity of an institution which for 123 years has been in the forefront of Canadian finance. Assets of \$961,334,955 show some contraction as compared with the previous report, when an all-time record of \$1,025,508,367 was established—due in part to transactions of a special nature, as was explained at the annual meeting of shareholders—but show a substantial increase over the total of \$874,253,828 reported in 1938.

The profits for the year, after making appropriations to Contingent Reserve Fund and provision for bad and doubtful debts and Federal and Provincial taxes, were \$3,435,941, as compared with \$3,462,446 in 1939. The increase in the bank's contributions to public revenues is indicated by an increase in Federal and Provincial taxes from \$1,198,413 to \$1,927,824, or \$729,411. The profits are the equivalent of 4.5% on the capital, rest and undivided profits showing no appreciable change.

**Strong Liquid Position**  
The bank's liquid position is strongly maintained. Quickly available resources, totalling \$663,185,436, show some contraction, largely as the result of the reduction of holdings of government and other bonds and debentures from \$517,171,255 to \$461,827,040, but are still at the high ratio of 75 per cent. of all liabilities to the public. Cash in the bank's vaults, and money on deposit with the Bank of Canada, at \$83,034,576, compare with \$94,611,456 in the previous report and are 9.39 per cent. of the total liabilities to the public. Notes of and cheques on other banks, \$32,254,269, money on deposit in other banks, \$61,382,283, stocks \$196,182, all loans outside Canada \$19,552,470.

**Profit and Loss Account**  
After payment of the usual dividends and appropriation of \$500,000 for bank premises, \$55,941 is added to the balance of profit and loss compared with \$82,446 in 1939; the total balance in this account is now \$1,321,642. Following are salient features of the statement, which is for the year to October 31 and is published in the usual easily understandable form:

It is a wet night up here; has not stopped raining all day. Could not go down to my land. Went last Sunday and brought home some potatoes, carrots and marrow. Still got some to dig up. Olive comes in two or three times a week and cleans up and cooks me some dinners. I cook my own joint on a Sunday. Can get plenty of meat, but no eggs. Think I must leave off now, as I want to shut up.

With love to you and John,  
From your loving brother,  
Charlie.

The Canadian up our road has not been able to get back yet. He has got his passport, etc., but no boat, so has got to wait. He missed being blown to bits in Regent St. last week by two minutes.

470, call loans in Canada \$4,606,348 and acceptances \$332,264, show no significant changes.

The bank's part in financing the expansion of industrial, agricultural and other productive and general business activities throughout the country is reflected in an increase of over \$13,000,000 in loans "to manufacturers, farmers, merchants and others," at \$233,560,368, as compared with \$220,548,911. Loans to provincial and municipal governments, including school districts, of \$35,313,063, compare with \$36,712,818, while other items among the bank's resources—Bank premises \$13,900,000, Acceptances and Letters of Credit \$11,677,303, and "other assets" \$2,724,581—show no important changes.

Deposits, at \$848,865,349, compare with \$914,909,050; notes of the bank in circulation, at \$19,816,520, were less by \$1,950,772, in keeping with the contraction of issuing power under the Bank Act; acceptances and letters of credit outstanding at \$11,677,303, and other liabilities to the amount of \$3,892,125, show some increase, the total of liabilities to the public at \$884,251,299 being lower by \$64,251,622. The reduction in deposits can be taken as a result of the withdrawal of the special transactions already referred to and public participation in government war financing.

**Profit and Loss Account**  
After payment of the usual dividends and appropriation of \$500,000 for bank premises, \$55,941 is added to the balance of profit and loss compared with \$82,446 in 1939; the total balance in this account is now \$1,321,642.

Following are salient features of the statement, which is for the year to October 31 and is published in the usual easily understandable form:

Aldershot.

Oct. 11, 1940.  
Dear Mother and Family:

We arrived safe and sound and had a wonderful trip. We landed a few miles from England and took the train the rest of the way. The trains are small compared with the ones in Canada and they aren't as comfortable to ride in. England looks to be a pretty good place. At least there are trees and the roads and sidewalks are paved and the people speak English. Most of the homes are made of brick and they look like the homes in Toronto.

While coming through Scotland I seen a couple of places where bombs had been dropped, and they made quite a mess. Scotland is a pretty place and a big place, and the air and the smell of trees and heather sure is a change from fish.

To-day it has been raining and every time this regiment moves it has to rain. We have just been in England about three hours, and to tell the truth, I like this place. I don't mean that I would want to stay in England, but if they are going to keep moving us around, I would rather stay here till the battle is over.

For the time that I have been here, I saw quite a bit. There are a lot of English girls that are driving the big trucks, and they can handle them just like the men.

The Essex Scottish played their bagpipes while we walked from the train to our barracks; and the people seemed to be glad to see us here. On our coats we are wearing polar bears, that means service in Iceland, and boy they sure made up a lot of jokes about our bears.

We see lots of planes flying around, but none of them belong to Hitler. I guess one of these days Hitler will be flying over to give us a welcome. I hope it's not at night, for at night there isn't a light to be seen.

We learned all about Icelandic money, and now we have to learn English money. I haven't been able to see any of the other boys yet, but the first chance that I get I will find them. We will be having our leave before long, but I won't know where I will spend my leave, but I guess that I will get by. The air raid alarm just went, and the boys are running outside to see what the excitement is.

I have a book from Iceland that I am sending, and I would like you to put it away for me please.

Well, mother, there isn't much more that I can say this time, but I will write often, and you do likewise.

Well, mother, as news are scarce, here is loads of love and kisses to all, from your son,

Willfred.  
Please tell Mary and Edna that I am in England. I don't know whether this is the right address, but try it.

## A SOLDIER DREAM

Last night as I lay in my blankets  
I dreamed of the love that we  
shared,  
Then I knew there was somebody  
waiting,  
I knew there was someone who  
cared.

I fancy your face shone before me  
With a beautiful radiant glow,  
And I thought that I heard my  
name whispered  
In accents so tender and low.

You spoke of a love never dying,  
Tho' duty may keep us apart;  
And I knew that each word was  
a vow, dear,  
That came from deep in your  
heart.

I'll return that sent sweet love,  
dear, forever,  
Where e'er duty calls me to  
roam;  
And I hope we'll soon be together  
In our own little cottage and  
home.

Where roses and sweet violets  
mingle,  
And ivy climbs high round the  
door;  
We both will find peace and  
content, dear,  
And be happy together once  
more. Pte. Pipher.

For a USEFUL GIFT, SILK  
HOSE, pretty shades. Lundy's.

## Not all BUSINESS IS BIG BUSINESS

A LITTLE steam lifts the lid of your tea-kettle. A lot of steam drives trains, machinery. Your bank deposit may be little, but it combines with millions of others to make a lot of "steam". It helps to run the nation's machinery of production, marketing, employment, business. It is important indeed to the country's war financing and war-time effort. The money is yours yet it helps provide the credit necessary to move the goods and services of the nation. Canada's chartered banks thus perform functions of great usefulness. They receive the deposits of millions of Canadians, and extend credit to individuals, governments, businessmen and marketing organizations. The small depositor is important to the banks. The "little fellow", popularly so-called, is welcomed by any bank, as a customer.

[ In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, their useful services—safeguarding depositors' funds; facilitating the nation's business—looking forward to peace with freedom as the only sure basis of enduring prosperity. ]

## NEWS FROM KING CITY AND DISTRICT

While listening to the hockey broadcast on Saturday evening, Nov. 23, death swiftly claimed the life of William Egan, at his home in Kinghorn. Deceased was 64 years old, and was born in the township, the son of the late John Egan. The funeral service was held on Tuesday, Nov. 26, Rev. M. E. Burch officiating, with interment in King Cemetery. Surviving are his wife, the former Jennie Rawlings; two daughters, Mrs. Roy Hollinshead (Tena) and Mrs. Duncan Thompson (Elma) both of King; one sister, Mrs. Norman McClure of Toronto.

The large number of floral tributes were, in part, acknowledgement of esteem. Mr. Egan had resided in King all his life and was well known as an efficient builder by trade. He was much interested in sports, supporting the local boys in all their efforts. He was strictly honourable in all his dealings and made many friends wherever he was associated. His passing marks a distinct loss in his home and community circles. In knowing him his friends realized in the full, the value of a worthy friendship. Expressions of deep sympathy go to the bereaved wife and family.

Nobleton Women's Institute heard Miss Blair, in an excellent address dealing with the European situation. It was based on international relationship and peace. Mrs. Newton Pringle gave two vocal solos, a contest and also arranged the entire program. The W.I. will send overseas boxes to local boys. Several refugee quilts will be made in the homes and material for clothing will be purchased with proceeds from an amateur concert in the near future.

Schomberg Red Cross are investigating Red Rose Tea label offer for war work.

No election for King Township Council this year. Mr. Thomas MacMurchy gets a third term as reeve; L. B. Goodfellow a third as deputy-reeve; E. M. Legge, W. E. Barker and C. E. Walkington as councillors. Burnell Graham did not qualify as councillor because of business reasons, giving Mr. Walkington, a former deputy reeve, a return to municipal life.

The nomination meeting at Kettleby on Nov. 22, drew a very small attendance; township finances are evidently in good shape and the general business progressing favourably. Holland Marsh problems are slowly being ironed out. The financial statement is an edition of 57 pages, in detail. Mr. Graham has served satisfactorily during his two year tenure of office.

Mrs. Chas. Archibald celebrated her 80th birthday on Saturday. Mr. Archibald is 87, and they have been married 58 years, which is an unusual record. Mrs. Archibald keeps house and displays unflinching interest as teacher of the Bible class in King United Sunday School. Her friends wish her many more birthdays, and also good health.

Mr. and Mrs. Norris were recently surprised when a group of ladies visited them one evening on the occasion of their 30th wedding anniversary. Linen gifts were presented.

Mr. Bert Bowman gave an interesting talk to Potlatchville Baptist Y.P.U. last week on "The Meaning of the Odd Fellows' Symbol: Friendship, Love and

## PLEASANTVILLE

News and Views of People and Things by Isabel Inglis Colville  
People

The Bogartown School's Christmas Concert will take place on the evening of Thursday, December 19. The announcement of these Christmas concerts is of interest to everyone in the communities in which they are listed as they are above every night of entertainment the Children's night.

The Pine Orchard branch of the Women's Institute assembled on Wednesday, the 20th, at the home of Mrs. Jesse Lundy. There was a fine turnout; as in every kind of meeting, a good attendance helps to make a good meeting.

I think if people realized that it is hard to carry on with just a few, they would make a greater effort to attend. It is not fair to let the onus of decision in many matters rest on the shoulders of a few—be there and say your say. The meeting opened with "O Canada," the opening ode and the Institute collect, followed by the minutes of the last meeting and correspondence on various matters. Miss Alice Hall then sang very sweetly "The Barefoot Trail." The roll call "What does it mean to be a true friend?" was splendidly responded to, after which Mrs. Colville introduced the speaker of the afternoon, Mrs. Walter Stephens of Newmarket, who gave a splendid talk on the inception, work and mission of the Red Cross. It was most enlightening and was illustrated by incidents in the speaker's own experience. Articles of Red Cross work were also exhibited. Following the talk, Mrs. Colville sang "If Winter Comes," and Miss Lenore Starr of Newmarket read Elizabeth Hammond's report on the Area Convention. Miss Hall sang "Carry On," after which the members joined in singing "There'll Always Be An England," and the meeting closed with God Save the King.

The social half hour which followed is always one of keen enjoyment, as friend meets friend and more thinks are discussed than are dreamed of in any philosophy.

Miss Florence Tucker of Toronto was a supper guest of Miss Frances Stickwood on Wednesday evening of last week and accompanied her to the crokinole party on that evening.

There were about 50 present at the crokinole party which was held in the Bogartown school hall. It was a most enjoyable event. Miss Dora McClure won the lady's prize, a beautiful silver handled cake basket. The men's was won by Master Stuart Starr, who was the happy recipient of a box of handkerchiefs, and a neck tie. The prizes were donated by Mr. J. Stickwood.

Mr. Orley McClure returned from the north where he had been engaged in road construction work to enter the trainees' camp, now in its second period at Newmarket. Orley's dog Pete took up camp life a month before his master, only returning home on Sundays to rest and recuperate.

Miss Irma Taylor of Cedar Brae spent Sunday with Reeve and Mrs. Earl Toole.

Mrs. Alvin Ridley spent Friday in Toronto.

The Willing Workers will meet on the afternoon of Wednesday, Dec. 19th, at the home of Mrs. Leslie Harper, assistant hostess. Mrs. A. M. Colville, Mrs. Harper will read the scripture lesson, and onto representing the Ontario Temperance Federation, Mr. Pugh is an especially forceful speaker. He spoke of the need of temperance in regard to intoxicating drinks in time of war for efficiency.

Rev. Mr. Lapp occupied the pulpit at the evening service. Those who attend the evening Sunday services in the United Church find their time well spent. There is always a timely and inspiring sermon as well as good music.

Mr. and Mrs. Kenneth Boothby sang a very beautiful duet during last Sunday morning service.

The junior choir of the United Church are preparing special music to assist the senior choir during Sunday morning services before Christmas.

There will be a Women's Association supper in the United church Sunday school room on Thursday, December 5. A good concert will follow the supper. The Women's Association will hold a meeting in the afternoon after which there will be an election of officers for the coming year.

The Intermediate Canadian Girls in Training meet every Friday evening under the leadership of Mrs. Stark. This group have decided to call themselves "The Bluebirds." The officers of this group are as follows: President, Geraldine Gable; vice-president, Lois Marritt; secretary, Phyllis Winch; ass't secretary, Reeve Pollock; treasurer, Betty Mainprize.

The Senior Canadian Girls in Training meet every Friday evening under the leadership of Mrs. Lapp. They have chosen the name "The Trail Blazers" for their group.

The Boy Scouts organization, formerly led by Mr. Byron King, has been reorganized under the leadership of Rev. Mr. Lapp. So far there are nine boys in the Keswick troop.

Boys and girls who would like to join these organizations will be welcomed.

A lunch of coffee and sandwiches will be served in Keswick public school by the Township of North Gwillimbury Red Cross branch for the accommodation of the voters, on Monday, December 2, during the hours of the municipal election. Those wishing to assist in any way will please communicate with Mrs. Vail, the president of the North Gwillimbury Red Cross branch.

Mr. and Mrs. Pugh of Bradford visited Mr. and Mrs. Orville King on Sunday last.

Things  
"Values"

It seems that at this time of year, when all outside looks drab and drear; when war spreads out on every side and nations seem to just divide into two camps, where each is sure they've found for human ills the cure. We're proud and happy to belong to the good democratic throng who think the world can better be, because of folk like you and me, who like to do the things we want with no Gestapo near, to haunt us, if our minds we ease, by calling Hitler what we please. Nor any black shirt, dare to say, "don't call it Duce down to-day, or you will find yourselves in jail and needn't try to obtain bail," and not you dearest ones can see how you can gain your liberty.

I think that none of us half prize, not even partly realize, the blessings that we all acquire as members of our great empire—the right to worship as we will, the right our children's minds to fill with decent thoughts and ideals fair, not with the Nazi goal to tear and rend the good things of the past—a brigands flag nailed to their mast.

But there is much to dare and do, before a peace that's just and true, can reign where now men loot and spoil, and blot out years of honest toil. What loving hands once worked with loving care, upon the stone work rich and rare of Coventry Cathedral grand, now thrown down by a ruthless hand; and little shops and little homes, and houses great and mighty domes, are laid in dust and ashes, where they once stood up, so straight and fair. But whether men may live or die, the British spirit still is high. They fear no loss but liberty, a thing they neither hear nor see, but to the British as a whole, its given an immortal soul, which no man made machine can kill though Hitler strike as Hitler will.

The teacher was trying to make Elsie understand subtraction and she said, "You have ten fingers; now supposing there were three missing, what would you have then?"

"No music lessons," said Elsie promptly.—Boston Transcript.

# TO THE ELECTORS OF NORTH GWILLIMBURY

## VOTING MONDAY, DECEMBER 2, 1940

# WHY?

**WHY** do farmers not organize?

**WHY** do the farmers not come to the council in a delegation to request the council to pass a resolution to use their influence to pass on to the county council and from there on to parliament for ways and means to lighten the load and get some money back to the farmer?

**WHY** does the government not raise the tax on liquor and use this extra tax to buy each and every farmer who cannot afford one, a tractor, now that the governments are taking, in one way or another, the help off the farm?

**WHY** is a township employee, when a question is asked by a councillor or information, allowed to call out from where he is sitting at the side of the council chamber, give abuse and insults, without any effort whatsoever by the reeve, acting in his capacity as chairman of the council, to put a stop to same or to require an apology?

**WHY** is a relief officer allowed to tell families on relief that it was Councillor Babb who cut them off?

**WHY** is the gravel crusher, which cost the township over \$1,000, not doing the job it was intended to do?

**WHY** did the reeve without the consent of any of the other members of the council order the road superintendent to have loose stone that had passed through the crusher without being crushed, trucked away at a cost of \$10 a day and put on a dump, instead of having them removed out of the way by farmers' team, with shovel, whose owners need the money.

**WHY** are the farmers not invited to a special council meeting to hear open discussion pro and con as to whether it is the greatest good to the greatest numbers to use a drag-line or teams in a gravel pit.

**WHY** did the council sell the engine out of the old road grader for \$35 against the protest of Councillor Babb and without advertising for highest bidder?

**WHY** did the council not keep the grader intact with engine so that a fixture could be put on the same to use in gravel pit, for drag-line, instead of renting as was the case this year? Also for spraying weeds on roadsides?

**WHY** did the reeve arrange for drag-line without consulting Councillor Babb as to the advisability of using a drag-line or teams, after the promise that was made at the first council meeting that consideration would be given to having teams do the work?

**WHY** did the council not adopt Councillor Babb's suggestion to have each department divided up so that each member of the council would be responsible for one particular department such as road and bridges, relief, police, weeds and board of health, and finance?

**WHY** did the reeve not approve of the rebate of taxes for a Mr. Munro last year, but change his mind before the election? Did Mr. Munro receive same?

**WHY** did the present reeve come to my place last fall before the election and inform me that our police officer would have to go if he was elected reeve, that we would have a deficit last year of over \$3,000 and request my support in his election to office? Then the first week after the election he visited me at the Lodge and stated that he was an old campaigner and advised me to lie down on the dismissal of the police officer, when I advised John Hopkins to go home and sin no more.

**WHY** did the council not dismiss the township employee when 17 charges were read at a special private council meeting, when two township employees were unwisely allowed by council to stay? After the charges were read the township employee in the presence of the council called Councillor Babb a piece of tripe. Councillor Babb requested the council to instruct the clerk to make application for a county judge to hear charges. Council refused the request.

**WHY** did the council refuse to take action at a special council meeting last October, held in the basement, after the regular council meeting, when charges were read by Councillor Babb accusing a township employee of misconduct in a most alarming and disgraceful manner in the early morning of Sunday, Aug. 26th, time 1:40 a.m.? The charges were that he did make untruthful accusations amounting to slander of action for damages had been taken he would have lost everything he possesses. The names he called me were such that I thought he had gone out of his mind and immediately called a county policeman when in his hearing he repeated the names he called me. I moved, but failed to get a second, that this employee be dismissed, or that the clerk be instructed to make application to the county judge, and offered to give my cheques for \$25 towards the expense of same.

**WHY?** What is the reason for poor council procedure?

**WHY** is our council session not carried out with the same procedure as county council?

**WHY** does the reeve not call for a showing of hands or standing to show the majority vote?

**WHY** does the reeve not read the motion so that the majority vote can be inserted in the minutes so that taxpayers will know how each councillor voted?

**WHY** do dairy companies not give the farmer more money for their milk, by simply collecting the hundreds and hundreds of bottles lying around summer cottages and other places, which must be charged to loss if not collected?

**WHY** does the government at a tremendous cost to taxpayers tempt the farmers' sons to leave the farm, to take jobs at outlandish wages, that no farmer is able to pay, making both farmer and son dissatisfied with farming?

**WHY** was it that Councillor Babb could not get a second for a motion in council to have our council use its influence with the Postmaster-General Mulock to have a new post office in Keswick when time is opportune to spend money on same?

**WHY** did John Hopkins write me a letter under his own signature after I had made a personal appeal to the council last year to make a township employee return my sign and threatened suit against the council, stating in his letter that he sympathized with me and advising me to issue suit because he was sure that if I did I would find my sign on my lawn early some morning? Then he turned around this year and supported this official for the office for another year. Why?

**WHY** do elected representatives of our councils make this declaration of office under oath: That I solemnly promise and declare that I will truly, faithfully and impartially, to the best of my knowledge and ability, execute the office for which I have been elected in the township of North Gwillimbury in the County of York, and that I have not received, and will not receive, any payment, or reward, or promise thereof, for the exercise of any partiality, malversation, or other undue execution of the said office (or offices) and that I have not by myself or partner, either directly or indirectly, any interest in any contract with, or on behalf of the said corporation?

**WHY** when Councillor Babb asked John Smith at the council session what ideas or suggestions he brought back that would be beneficial to the township from the Good Roads Convention at a cost of \$5 to the township, he informed Councillor Babb that it was none of his business. Why did the reeve not ask John Smith to apologize for the remark?

**WHY** did the reeve collect \$5 from the township for trip to Toronto to attend the Good Roads Convention when he was not in the convention ten minutes?

**WHY** does the reeve try to draw a red herring across the trail in this campaign to the effect that Councillor Babb sent a letter to the minister of highways telling them that Babb had changed his mind re Carson Pollock appointment, when no such letter was ever written?

**WHY** did the reeve call on Mr. Fred Adams, a prominent non-resident Lake Shore taxpayer, who understands our local affairs thoroughly and is disgusted with our council procedure and ways of carrying on business, and try to make him believe that it was Councillor Babb who was responsible for same, when he, the reeve, was practically told to go home and sin no more?

**WHY** did our reeve ask our former road supt. at a council meeting to put the bill for tools purchased for relief work into the road and bridges account?

**WHY** did the reeve during the past year not collect the full amount for settlement of the former road superintendent's accident? Councillor Babb is still waiting.

### NORTH GWILLIMBURY POLICE SYSTEM BIGGEST DRAG ON TOWNSHIP

Following is a statement of fines, what it costs the township, the amount received from same to the money that would have gone back to taxpayer, if Councillor Babb's suggestion had been adopted by our councils to have the local police placed on call during the summer and winter months, knowing that we have Mr. Hill, the county police, to call on.

**MORTON**—Local police, Sept. 26th, 1939, to June, 1940, no speeding, no other fines. Sept. 1940 to December 1, 1940, no speeding, no other fines. This would have made a saving to the taxpayers of \$825. That does not include salaries from Dec. 1, 1940, to June, 1941, which would amount to an extra saving of \$450.

**MORTON**—June to Sept. 1940, this year speeding fines, \$281, other fines, \$30.

**HILL**—County police, Sutton, on call when required for North Gwillimbury, June, 1940, to October, speeding fines, \$235. Almost as much as Morton, local police, but lives out of the township.

**HILL**—January to October, other fines \$353. This compared with the Morton fines for other than speeding amounts to 10½ times as much as the Morton fines. Could our local police be on his job?

**McCALLUM**—County police, Island Grove, for summer season, July, 1940 to October, inclusive, speeding, \$130. Other fines \$145, which is 4½ times the amount of Morton police fines.

Total amount of speeding and other fines, Township of North Gwillimbury, Sept. 26, 1939 to Dec., 1940, \$1,177.

Township of North Gwillimbury cost of policing, Sept. 26, 1939 to Jan. 1, 1940, \$225. Jan. 1940, to Dec. 1, 1940, \$1,008.62. Total, \$1,233.62. Two county police to be added to this amount. Township of North Gwillimbury received in fines a total of \$158.43.

**WHY** did the reeve allow the only two hecklers to interrupt Councillor Babb at the nomination, when he, John Hopkins, knew that each of the men had received substantial amounts of the taxpayer's money. One, his brother-in-law, who received \$426.87 for work from the township this year to date as per statement and who was allowed the garbage contract on a council tender that savors of favoritism, Councillor Babb being the only objector to the unfair piece of business. The facts are the following tenders were called for Division No. 3. Three tenders submitted—Ralph Sedore, \$341.20; Carl Kellington, \$300; Thos. Sheppard, \$220. Sheppard had gathered garbage other years. His work was very satisfactory and obliging. Carl Kellington ditto. Sedore was called to council table to be informed that the Kellington tender was \$300 and would he accept the collecting at that figure. He accepted. No consideration given Sheppard tender. Tender let to Ralph Sedore for \$300, same as Kellington's legitimate tender, but take notice that the lowest tender was \$220, the highest tender \$341.20. Division No. 6: Miller Sedore tender \$275. George York, \$180. Tender let to Sedore \$275. City cottage owners stuck for \$95 for council favoritism.

Division No. 9: Alvin Rye tender \$275. George York, \$180. Both men equal to do the work. Tender let to Alvin Rye. City cottage owners again held up for \$95 for council favoritism.

### NORTH GWILLIMBURY TAXPAYERS:

Are garbage collection tenders given out in this way good business or monkey business? Why did the reeve allow his brother-in-law, who was handed the garbage collection tender on a silver platter, to call out at the nomination meeting to complain of substantial wooden boxes that are used at my lodge instead of cans. The cans we have are used for vegetable peelings and what is scraped from the plates. This is all picked up twice a week by Joseph Sheppard, but the wooden boxes are used only for collecting wire-bound box wires, some cans, not too many, as most of our cans go to Red Cross dump, also rakings from fire pit.

The other heckler, the head of another household, who lives and thrives in a castle compared with some homes I visited in my canvass through the township, where there is indescribable poverty, (but the families are fighting to stay off relief), received \$262.07 this year. Received the garbage collection on contract and has other sources of revenue.

**WHY** did Councillor John Smith at the nomination, when he must have known that I would not be allowed time to reply before close of meeting, falsely state that Councillor Babb was going about stating that the council members were just a bunch of farmers that did not know anything. Was he jealous of what Councillor Babb is doing to try to get money back to the farmer? If John Smith had taken up my suggestion that I offered to the council of last year, to place our local police on call, we would have saved by now enough money. (provided that I would be allowed to distribute that amount of money to our 230 farmers that pay taxes in our township), for each farmer to have received \$3.75 each. Was John Smith, champion of sarcasm in our council and possibly in Ontario, asleep at the switch? What voice has he ever raised in council to agitate for better farming conditions?

The Jr. Endeavour met at the Tranmer home on Thursday evening. The devotions and program were in charge of Mrs. Cockburn. Afterward a surprise feature of the evening was the presentation and address to Mr. and Mrs. Cockburn on the eve of their departure from the circuit. Gwen Tranmer read the address expressing the deep sorrow of the young people at their removal, and Elmer Bunett presented a silver reliquary.

On behalf of S.S. class No. 2, of which Mrs. Cockburn was a well loved teacher, Jean Brown read the address and Norma Cowie made Mrs. Cockburn the recipient of a silver bowl. Mr. and Mrs. Cockburn feelingly replied. After a sing-song and contests lunch was served.

Mr. and Mrs. Hutchison and family of Oak Ridges visited at his father's, Mr. J. Hutchison.

Mrs. A. Storry was the guest of Mrs. Graham at Capetown.

Mr. and Mrs. Welsh and family of Wexford were the guests of Mr. P. Brown's on Sunday.

Miss L. Paisley and friend of Brampton were at her home here over Sunday.

The Jr. Institute met at the home of Mrs. O. H. Tranmer. The president, Mrs. F. Fairles, presided. Among the articles donated for refugee work was a quilt top by Mrs. Cowie.

The program in charge of Mrs. Tranmer included the singing of The Maple Leaf. A report of the official institute meeting in Toronto, by Mrs. G. Lee of the Stouffville Sr. Institute. Two accordion solos by Audrey Smith, and piano solos by Thelma Atkinson of Stouffville.

Mrs. Conney gave a good paper on "Things We Ought to Know," and Mrs. Cockburn gave a very interesting address on a trip he had taken and weaving from it many useful lessons to an institute homemaker. A generous collection was received for war work. The delicious luncheon was enjoyed and the meeting closed by singing God Save The King.

Mr. Cockburn preached his farewell sermon on Sunday morning, using as his text "Jesus Christ the Same Yesterday, Today and Forever."

Mr. and Mrs. Cockburn will be very much missed here for their efficient and kindly ministry both in the pulpit and their service of song.

Miss Doris Brown of Box Grove was home on Sunday.

Miss Mary Paisley of Toronto Bible College was home over the weekend.

Mr. and Mrs. Gordon Ramer and sons of Colbourne were at his father's, Mr. M. Ramer's, on

and stopped one hundred feet east of the house. We went up to the top of the hill and found that a car had turned around at that corner. We came back and saw a car had turned around a short distance from the house and examined the road where the car was supposed to have stopped. It had stopped and started on because the ground was scooped up at this point. We saw loose stones and pieces of stove wood around the house.

"What condition was Mr. Vandenberg in?" asked K. M. R. Stiver, defence counsel.

"Mr. Vandenberg and Mrs. Holden were both excited."

Constable Wm. Hill testified that he had examined the car and found that pellets had hit the top and side of the car, and the mirror was broken.

"On October 31 my cook went to the bedroom window and saw a car heading from the east to the west going slowly, and she heard stones fired," stated Mr. Vandenberg. "I was in the back kitchen getting some wood and could see that the car had only one headlight and no tail light. It turned around at the top of the hill and came back slowly, firing stones. We thought it went on to Brownhill. In three-quarters of an hour it came back again, still with one headlight on, stopped at the corner and turned around firing stones. Shortly I heard my dog bark. I went to the bedroom window and saw two men at the clothesline. I recognized the voice this morning when I heard Riddell speak. At the present time my cook had the flashlight at the bedroom window. One spoke up and said, 'Put that flashlight down and get out of that.' She says, 'You boys better get going before further trouble.' They say, 'Back up and give it to him.' I went out to the front part and got my gun and waited a moment. More stones were fired and I shot, and heard the buzz of the car. Two weeks before that, Ivan Hillis went past swearing and throwing stones. Ever since January they couldn't get past without hollering some slang names."

Mrs. Holden gave the same story as Mr. Vandenberg, and added that they had been calling her "Mrs. Billy."

"Vandenberg, I have come to the conclusion that you used the shotgun on this car and that you hit these two people," stated Magistrate Woodliffe. "There is no doubt in my mind that you have been pestered by some people in this district. Four of them have been convicted here this morning, but that happened last January. I am satisfied that some people bothered you this evening, but that is no justification for you to take the shotgun. I don't think you should have a shotgun at all if you are so nervous and excitable. In this country we don't have to have guns to protect our homes. There will be a conviction, and I am taking into consideration what you have gone through at the hands of these rowdies. \$10 and costs, or 10 days in jail."

Clifford Rea and Jack McClure were bound in the sum of \$50 to keep the peace for one year on a charge of damaging the property of W. H. Vanstone.

W. H. Vanstone pleaded guilty to a charge of assault laid by Clifford Rea.

"I was going into the chopping mill on the Saturday following Halloween," testified the complainant. "As I was going in, Vanstone struck me on the head with his cane, once on the back of the head, once on the ear and once on the shoulder. I grabbed an axe handle and tried to get into the mill and grabbed his cane, broke it and threw it out the door. Tom Bell stepped in and punched me."

"He came to the mill that afternoon and I thought it would be a good afternoon to give him what was coming to him," admitted accused. "I struck him with my fist. He was coming at me and I raised my cane."

"You had no business striking him," ruled his Worship. "You had no right to take the law into your own hands. If it had been Halloween he could understand it, but you waited two days and singled him out when you were perfectly cool and realized what you were doing. \$5 and costs or 10 days."

Walter Nesbitt of Aurora, charged with selling liquor by Constable Martindale, was not present when court opened, but sent an unsatisfactory note, stating that he was ill. The police went down to investigate, arrested him and brought him back to court. He stated that he couldn't get a ride up to Newmarket so sent this note. He was remanded one week and bail was set at \$200.

E. J. Bishop, no address, pleaded not guilty to a charge of fraud laid by H. A. Jackson of Newmarket.

Mrs. Jackson testified that accused had called at her home on November 19 and asked if he might tune the piano. "I refused by saying we usually had it tuned by Mrs. Rutledge who teaches music to my children," continued witness. "He asked if he might return after seeing Mrs. Rutledge. He returned that afternoon about two o'clock, and was so convincing that he worked for the Heintzman company, that I agreed if he could put it up to \$40. He said he was allowed \$1.50 for expenses and 25% of all he made. He would tune it for \$3. During his work on the piano he came in and said two
